Hope Publisher Criticizes 'Faubus, Gazette'

FORT SMITH, (UP) — Hope Publisher Alex Washburn harshly criticized Gov. Orval E. Faubus last night during a speech here in his campaign to refer the 3 percent sales tax to a vote.

Washburn said Faubus, the Arkansas Gazette and Homer L. Anderson, Ouchita County School supervisor, are "afraid to let the people of Arkansas vote" on the recently enacted sales tax law.

"They have at least one thing in common—their faith in the justice of the tax is so small that they are afraid to let the people vote on it," Washburn said to a meeting in the labor temple here.

He said Faubus and the Gazette give "lip service" to the constitutional right of the people to circulate petitions for a popular vote on controversial matters then "go to any lengths" to block the vote.

Faubus said the repeal of the three percent tax would be "disastrous" and Anderson ran an advertisement in a local paper asking for people to refuse to sign Washburn's petitions.

Washburn said the Gazette attacked the petitions and called him a "professional petition circulator."

"But I submit to you that in this day and age when professional propagandists and lobbyists have complete control of our so-called representative government that there is a real need for an organization which will make it its business to see that the people's rights are protected by circulating petitions for a popular vote," the hope publisher said.

Washburn plans to open state headquarters in Little Rock tonight, and said other headquarters would be opened soon in Pine Bluff.

Senate Groups Go Along With House Cuts

By JOE HALL

WASHINGTON (U) — Two Senate subcommittees have a chance today to continue the hold-the-line position on House cuts which regular Senate action on its first regular money bill this session.

The Senate late yesterday passed a \$3,884,927,000 Treasury Post Office Department bill, and agreed with its Appropriations Committee in refusing to vote a penny more than the House.

Today two Appropriations subcommittees met to act on the \$665-million-dollar State - Justice Department bill, cut 101 millions by the House, and the \$71-million-dollar Commerce Department bill slashed 217 millions below President Eisenhower's requests.

Both of these reductions were much bigger in percentage than the 30 millions which both House and Senate cut from the Treasury Post Office measure.

The House, meanwhile, takes up today an Agriculture Department money bill in which its Appropriations Committee recommended a net cut of \$272,166,860.

Several senators cautioned in the floor debate yesterday that in the end, Congress may have to vote even more money for the Post Office Department than was originally asked by Eisenhower.

Postmaster General Summerfield not only asked that all of the 58 millions cut from his budget by the House be restored — something the Senate refused to do — but that he be given 70 to 90 millions above his original request.

If he doesn't get the money in a supplemental money bill later, he said, cuts in postal service will take effect July 1, just a month and a half away. He said a sharp increase in mail volume has increased his department's operating costs.

McCaskill RCI Group to Meet

The McCaskill RCI group will meet Friday night, May 17 at 7:30 at the Community Center Building for pot luck dinner. The program will start at 8:30 p. m. with Marvin Vines, Farm Service Director of KTHS and KTHV as guest speaker. Guests from several other RCI groups will attend.

You often wonder how some people can use such big words to say such small things.

Texans Think Highly of Arkansas Girls

DALLAS, Tex. (U) — Texas apparently thinks highly of Arkansas-type beauty.

Arkansas contestants have placed second and third in a contest to pick Dallas' entry in the Miss America contest.

Nancy Hill, formerly of Little Rock and a finalist in the 1956 Miss Little Rock contest, placed second. Arden Cuadra of Blytheville, the runner-up in last year's Miss Arkansas contest, was third. Judging was held Saturday night.

Both girls are students at Southern Methodist University here.

Flooded Town Begins to Fight Back

LAMPASSAS, Tex. (U) — For a town that died Sunday under a 10-foot wall of water, Lampassas today was showing definite signs of resurrection.

Merchants and housewives were cleaning up, an employment office was set up and the town's population of nearly 5,000 was swollen by relief workers and engineers.

The relief workers were sorting out the problems and making plans to help people back on their feet. Engineers were helping by doing such things as moving houses out of the streets.

There even was a glint of humor yesterday when the sun broke through clouds and melted them away.

"I'm going to have a special on mud pucks," quipped Annette Spivak as she shoveled ooze out of her tiny beauty parlor.

Mal. Clyde Villemez, commander of the 46th Engineer Construction Battalion at nearby Ft. Hood, said, "With good weather, it still will be three weeks before we can clear the debris, open streets and put the city back into working shape."

The disaster struck about 8:45 p. m. Sunday. A levee on Sulphur creek broke.

The wall of water swept through the town, virtually destroyed much of the business section of 86 establishments and damaged 310 homes, 38 of which were demolished. Some homes were floated blocks away.

It absolutely cleared some business houses — walls, ceilings and merchandise.

In others, the weight of water crumpled floors, dropped merchandise into water-filled basements and thereby created water-logged junk.

Four persons drowned or were killed when the flood struck. The Red Cross listed 25 as missing at a time, but most turned up later.

One was missing and presumed dead. Lampassas residents couldn't purchase flood insurance.

"We couldn't get it because of flood of 1936," said Romans O'Hair, cashier and vice president of the First National Bank.

Everyone who could push a broom or lift a shovel was removed the two to five inches of mud that covered everything and which only a short time ago was dust in this once-dry drought area.

Assisting Red Cross volunteers were several teen-age girls whose high school also was flooded.

Mary Medart 16, without shoes, poured coffee for anyone wanting it. "I'm barefoot," she said, "because we can't find our shoes. The flood was in our house too."

Jan Jones, 17, of Greenville, Texas, also was helping to Red Cross.

"I came up for the junior-senior prom and couldn't get out," she said. "I used to live here and I'm going to help until it's over."

Melvin L. Burns, county jailer, had his own troubles.

The two-story jail held only one prisoner when the water struck, but the jail was well populated anyway. W. A. (Bud) White and his family were visiting with the Burns. The Whites' automobile family of five and the Burns family of 10 were marooned for the night.

Important Cotton Meet Here Thursday

An important cotton meeting has been called at Hempstead County Courthouse for 8 o'clock Wednesday night. All persons interested in cotton should attend this meet which will take up problems of the cotton industry.

An effort will be made to get opinions of farmers on whether or not legislation should be sponsored in this session of Congress that would permit farmers to vote on possible alternatives to the present program.

A speaker has been arranged by the Farm Bureau.

Tornadoes Hit State, Some Damage at Ozan

By The Associated Press

Twenty-three persons were injured yesterday when angry clouds over Arkansas spawned at least three deadly tornadoes and numerous destructive thunderstorms. Hardest hit was Conway where 21 persons, including eight school children, were hurt.

Strong winds also were blamed for a boating mishap on the swollen Red River in southwest Arkansas. Two men were lost in the swift currents but a third man was rescued after he had been swept about one mile downstream he clung to the capsized boat.

Twisters dipped into Conway Malvern and the Izard County community of Oxford.

Despite widespread destruction, there were no reports of storm deaths while reports of miraculous escapes were many.

The violent weather climaxed a day-long series of U. S. Weather Bureau alerts, the last of which expired at 6 p. m.

The Conway tornado ripped into a corner of the Ida Burns elementary school, toppling a wall into a classroom. Only one pupil was seriously injured sixth grader Gregg Canton, 12, and seven others were at a hospital and released.

At Ozan (Hempstead County) considerable damage was reported to several homes and barns. The home of Mrs. Chloey City lost its roof and the roof of the H. A. King home was damaged. Others reported damage were Cecil Walker and a barn and chicken house at the home of Mrs. Eula Tollett was destroyed and a porch was destroyed at home of Elizabeth Munn. Limbs and debris littered the area.

School Supt. Hays Gibson credited the teacher of the 34-pupil room, Mrs. W. E. Bolding, with preventing further injury by ordering the children to get under their desks.

In addition to the school, a number of houses were smashed, a service station unroofed and trees and power lines knocked down.

Aside from the Conway boy, the more seriously injured at Conway included Mrs. Elvira Lusk, 57, Kinard, Mr. and Mrs. H. P. Smith and Mrs. Mona Garrison and her 4½-month-old son.

Mrs. Lasley and her three children, aged 2 to 6, were in the family home when it was picked up and blown 150 yards. The children were hurt but apparently not seriously.

Kinard was injured when the service station where he worked was demolished.

Brick Co., apparently sustained the brunt of the storm. The tornado smashed brick sheds, kilns and leveled a 10,000 gallon water tank. Bricks were scattered over a wide area.

Foreman Fred Jackson ventured that damage would run between \$100,000 and \$250,000.

None of the workmen were injured because none were outside. Jackson said rain which preceded the storm had chased the employees inside buildings to eat their lunches.

In Malvern itself, police estimated on Page Three

Probers Turn to Strike of Kohler Co.

By G. MILTON KELLY

WASHINGTON (U) — The Senate Rackets Committee said today it has launched a preliminary investigation of the sometimes violent, never-settled strike against the Kohler Co. of Kohler, Wis.

Chairman McClellan (D-Ark) and Sen. Mundt (R-S.D., a member, said staff investigators have been assigned to the probe, which may lead to public hearings later.

The National Labor Relations Board has devoted practically a full year to hearings on complex issues in the strike. An NLRB examiner at one point dismissed the whole case. The board reinstated it.

The dispute has stirred clouds of charges and counter charges between the company and Walter Reuther's United Auto Workers, which have spent millions of dollars in the long fight. The Kohler Co. has continued producing plumbing equipment through the dispute.

From the union camp have come allegations of unfair labor practices against the company. From the company's camp there have been allegations against the union of improper use of a boycott on its products, and of actual violence.

"When we get the Kohler report of the staff, we will take it in the committee and try to work out some program of action for the committee that will be available under the circumstances," McClellan said. "There may be some practices we would want to get into."

Game Wardens here remind that anyone raising quail for scientific purposes must purchase \$2.50 protective permits. If the quail are being raised for commercial sale the annual permit is \$25. Otherwise quail raisers are subject to fine.

MEETINGS... Band Mothers

Emmett Graduation Exercises Thursday

The Senior Class of Emmett High School will hold its Commencement exercises Thursday evening May 16 at 8 p. m. in the school auditorium. The speaker will be Carlton Hasley from Mena, Va. Dictator is Miss Jacqueline Alnette and Salutatorian is Tommy Theis.

Advisers Tell Beck to Step Out of Position

WASHINGTON (UP) — Public relations advisers to the Teamsters Union have recommended that Dave Beck step out of the union's presidency at least temporarily, informed sources said today.

The recommendations were submitted to Teamsters Vice President Einar Mohn and those sources said, are probably being considered by Mohn and four other vice presidents at a meeting here today.

Tony Smith of the public relations advisers said they made "specific recommendations of what we feel is best for the union from a public relations standpoint," he would not confirm any details.

The recommendations call for Beck to "step aside" until charges against him and disclosures by the Senate Rackets Committee are disposed of or "settled," one way or the other," the sources said.

So far Beck has not backed down from his announced intention to run for re-election at the union's September convention.

But the recommendations submitted today could pave the way for election of a new president at that convention.

The recommendations were said to have been drawn up by the union's public relations advisers, headed by David Charnay, chairman of the board of the Allide Industrial Relations Associates, a New York-Washington firm, hired by the union as a result of its trouble with the senate committee.

By NORMAN WALKER

WASHINGTON (U) — Senate rackets investigators said they hoped to learn in hearings today whether Teamsters boss Dave Beck gave favored union treatment to trucking firms which helped get him a \$200,000 personal loan.

The staff of the Senate Rackets Investigating Committee indicated it will bring Norman Gessert, husband of Beck's wife's niece, to Washington soon for testimony.

Gessert, sought for questioning for nearly two months, was found and served with a subpoena last night at Ellensburg, Wash.

Gessert has been linked in testimony by witnesses at the Senate hearings to various financial dealings by Beck.

Chairman McClellan (D-Ark) told a reporter a staff investigator for the committee probably will interview Gessert as the next step before Gessert is called before a public hearing at some future date.

"We'll get them all," McClellan said of the committee's long search for other witnesses. "They'll all have their day in court before this committee."

The committee is still trying to locate Dave Beck Jr. and some others who were in on Beck's financial dealings.

An afternoon committee session was ticketed "for inquiry into whether Beck gave favored treatment to trucking firms which helped get him a \$200,000 personal loan."

All persons interested in the upkeep of Watercreek Cemetery are asked to send contributions to Mrs. Erma Thomas, Fulton Rt. 1.

Announcement has been made that James McLeary Garage is the new local authorized dealer (sales and service) for Cushman products.

Regardless of what may have been reported from various sources Robert Star Jack Moran will attend Southern Methodist University.

Homecoming at Bodcaw No. 1

The annual Homecoming will be held at Bodcaw No. 1 Church, Sunday May 19. The Rev. Bobby Joe Wright will bring the devotion at 10 a. m. and former pastor, Hollis Purdie, Magnolia, will preach at 11 a. m. Lunch will be served a noon. Singing will be held during the afternoon.

Chesley Walker, 69, of Hope, Dies at Booneville

Chesley Walker, aged 69, a long time resident of Hope, died early Tuesday in a Booneville hospital. He was a member of the Methodist Church.

Survivors include his wife, Mrs. Estelle Walker, two sons, Lester and Wilton Walker of Hope; a daughter, Emma Jean Walker of Hope, three sisters, Mrs. Minnie Stringfellow of Santeo, Calif., Mrs. Ethel Martindale of Ft. Worth, Texas.

Arrangements will be announced by Herndon-Cornelius.

Ike Against Any Cutbacks in Guided Missiles

WASHINGTON (U) — President Eisenhower was quoted today as saying he "would not want to assume any responsibility for the safety of the country" if Congress slashes its spending proposals for aircraft and guided missiles.

House Republican Leader Martin of Massachusetts told reporters about Eisenhower's stand after the weekly meeting between the President and GOP congressional chiefs.

Martin referred to reports that the Democratic-controlled House Appropriations Committee is considering severe cuts in the administration's request for defense funds.

"The President said he would not want to assume any responsibility for the safety of the country if cuts were made of any substantial nature in missiles and aircraft," Martin said.

Eisenhower gave the Republican leaders what amounted to a preview of the radio-TV appeal he will make to the nation (7 p. m. CST) in defense of his \$71,800,000 budget. The spending plans are threatened with sharp cuts by the lawmakers.

Senate GOP Leader Knowland of California told newsmen he is in full agreement with the president on the need for "maintaining muscles" in national defense so long as the Communist world remains a threat.

In advance of the White House session two Senate leaders said Eisenhower's appeal to the nation tonight may come too late to stem the economy tide in Congress.

U. S. Charges Miller Was a Communist

By ARTHUR KRANISH

WASHINGTON, (INS) — The government charged at Playwright Arthur Miller's contempt trial today that House investigators had "information" showing he was a Communist party member for at least four years.

Prosecutor William Hitz disclosed the information from the files of the House U-American Activities Committee as Miller, husband of actress Marilyn Monroe, went on trial in federal court.

Hitz, an assistant U. S. attorney, said the committee files show Miller signed Communist party application number 23345 in Brooklyn, N. Y., in 1943, was "accepted" and remained a member "at least" until 1947.

Defense Attorney Joseph L. Rauh, Jr., told the court that Miller had denied past or present Communist party membership in an affidavit to the state Department.

He said Miller's sworn statement admitted that the dramatist had been "sufficiently close" to the Communist Party at times so that a person might have "honestly" believed that he had been a member.

The contempt of Congress charges against Miller stem from his refusal at a hearing last year to name persons he met at a Communist - sponsored writers' meeting in 1947.

PSC to Decide Quickly on AP&L Increase

LITTLE ROCK (U) — Arkansas Power Light Co., yesterday asked for a \$1,770,093 a year boost in rates, and Public Service Commission Chairman Lewis Robinson said a decision may be made this week.

The proposed rate increase would be divided as follows: \$1,197,510 against commercial and industrial customers; \$51,683 residential users.

APL President R. E. Ritchie said the higher rates would mean an over-all increase of 4.3 percent with an average hike of 20 cents a month for residential customers.

The power company said it did not ask an increase against customers it serves under special contracts, such as rural electric cooperatives and Reynolds Metals Co., because the contracts could not be broken.

Ark-La Rate Increase Back to PSC

LITTLE ROCK (U) — Legislation passed this year will not affect the Public Service Commission's reconsideration of a \$4,500,000 a year rate increase it granted Arkansas Louisiana Gas Co., in 1955. PSC Chairman Lewis Robinson said yesterday.

The rate boost was voided in February by the Arkansas Supreme Court on grounds that it gave Ark-La an 8 percent return instead of the traditional 6 percent usually allowed utilities, and that it was based on a fair field price theory.

Under this theory, never before used in Arkansas, a utility would be permitted to charge its customers as much for gas it produces as for gas it buys.

Normally the SC determines rates on the basis of capital invested.

Robinson said 1957 legislation authorizing the fair field theory in determining rates would not apply to the 1955 Ark-La boost. He said the case still must be considered according to law in effect at the time of the PSC order.

In its decision, the Supreme Court reversed Pulaski Circuit Court which, in turn, bounced the case back to the commission.

Hope will be one of seven Arkansas cities to see the dramatic picture "The Town That Refused To Die," Thursday, May 16.

The picture will be screened at the Rialto Theatre at 7:30 p. m. The public is invited. There will be no admission charge.

The movie is being brought to Hope through the courtesy of the Employment Security Division in cooperation with the Hope Chamber of Commerce and the Hope Junior Chamber of Commerce.

Committee on arrangements comprises President Ray Turner and Manager B. N. Holt of the Chamber of Commerce; President Grady Burton and Secretary Hu-lin White of the Junior Chamber; and Paul McClellan, Representative of the Hope Employment Office.

The film is a professional and dramatic presentation of the story of Sanford, Maine, a one-industry town, economically dependent on a large textile mill, which ultimately laid off all its workers and went out of business.

Through the foresight and efforts of a small group of community leaders, a community development organization was started and was successful in bringing into Sanford a number of smaller but diversified firms, saving the town from economic prostration.

Jones said the movie forcibly demonstrates the need for advance planning, for community organization and citizen education, and for compilation of community economic resources data consistent with the concepts of the community employment program.

ESD Information and Education Director Charlie Mooshian, Little Rock, is in charge of the Arkansas showing of the film. He will assist local officials in the Hope screening of the movie.

Henry Seamans, Manager of the Saenger and Rialto theaters and active in Chamber of Commerce affairs, made the Rialto available for the showing of "The Town That Refused To Die."

CC Hears How Arkadelphia Got Industry

Chamber Of Commerce
Publicity Director
On the morning of October 17, 1956, the telephone jangled in the office of the Arkadelphia Chamber of Commerce. A voice on the other end of the line said:

"This is the Arkansas Industrial Development Commission at Little Rock. We're sending two men to

Arkadelphia to look over your industrial site. They may want to locate an industry. They will identify themselves when they get there.

"Three months later almost to the day, we had the big Tectum Corporation in the bag," said Dick Huie and George Dews, president and manager of the Arkadelphia C of C.

And thus, the Arkadelphia industrial story, including the giant Reynolds plant, the big Tectum plant and the American Excelsior plant, began to unfold before the directors of Hope chamber of commerce.

The Arkadelphia men were invited to Hope to tell of their success story. They went into detail. They answered numerous questions directed to them by Hope organization.

Here are some facts, as related

by Mr. Huie and Mr. Dews at the chamber of commerce meeting held in Hope:

Q. What happened when the two men arrived in Arkadelphia?

A. We had three men at the C of C office to greet them. We showed them our industrial site. They were impressed. We were then impressed.

Q. What were some of the demands?

A. Construction of a million-dollar building on 40 acres of the industrial site.

Q. What was Arkadelphia to get in return?

A. Employment and a payroll of 200 persons, plus employment of 200 additional people with the coming of the American Excelsior plant, a companion firm of Tectum.

Q. How did you go about financing the million dollars?

A. Under Act 404, local participation is 25 percent, which meant that we had to raise \$250,000 in cash. The other 75 percent can be financed or \$750,000. The state puts up part of this which is about 50 percent and the balance is financed. In our case, two Little Rock insurance companies took the balance. Financing is done through issuance of 5% first mortgage bonds on the property and building.

Q. In your opinion, Mr. Huie, what really sold Tectum corporation on Arkadelphia?

A. There were several factors of course, but the "clinch" I believe came when we convinced the two Tectum representatives that our people were hungry for industry, that our people were willing to cooperate and to sacrifice if necessary. We later proved this.

Q. Now, Mr. Huie, just how did you go about getting the \$250,000 in cash, the local requirement on a million-dollar deal?

A. We set up committees within the chamber of commerce. We began calling on our people, in groups of 10 and 15. We called all the lawyers, explained the deal to them, and frankly told them their part in this fund raising campaign was \$1,000 apiece. Next we called in all the car dealers. We told them their part was \$2300 apiece, with no ifs, buts and ands, then came the doctors, the merchants, and on down the list.

Q. What happened if some of the individuals didn't have the money or thought their part was too

much?

A. We told them to go to the bank and borrow it. That's what a lot of individuals did. The banks were very cooperative on this matter.

Q. What did the individual get in return for putting up this money?

A. Stock certificates bearing 5 percent interest and payable within 15 years from monthly rent from the Tectum Corporation. Of course, Tectum would own the land and building when all the money was repaid.

Q. How many individuals and concerns bought stock?

A. This is where the community demonstrated its desire for industry. About 800 persons and firms bought stock certificates, issued at \$5 per share after we covered all the "big money" we could.

Q. Mr. Dews, who purchased the largest share of stock?

A. One person bought \$7,000. We have three banks, each bought \$5,000 or better. Churches participated. The First Baptist bought \$5,000. We sold a few \$5 shares. We raised all the \$250,000 in two weeks, which is a great demonstration of community spirit and cooperation. This was what we told Tectum we would do. We did it.

Q. Now, Mr. Huie, let's go to the Reynolds plant which came to your city two or three years ago. What did that cost people of Arkadelphia?

A. The Reynolds people wanted to be sure that we wanted them, and to prove it we raised \$200,000 in two weeks and bought the land or site. The plant employs about 650 people. That's all Reynolds wanted, just the land. When the plant was completed the Reynolds people refunded 90% of the \$200,000. We got that back in a hurry.

Q. Mr. Huie, in your opinion, what can Hope do to land a big industrial plant?

A. My advise is to be patient, to work closely with the AIDC. Visit Mr. Rock, state director. Visit often. Let him know you want industry. Let him know your people want industry, we will cooperate, sacrifice if necessary. And you'll get it. But never, never, overlook industry. Help them, cooperate with them. They are the backbone of your town. They mean alot, too.

Q. Mr. Huie, in your frank opinion, do you think Hope is hindered by having its own municipal water and light plant?

A. Absolutely not! I think I "get" what you're driving at. We are served by AP&L. As far as I know, and Mr. Dews will bear me out on this, we got no assistance from AP&L in bringing Reynolds and the Tectum plants or any other plants to Arkadelphia. Again, let me advise you. Go see Mr. Rock. Visit the AIDC office. Keep visiting. Let them know you desire industry. You'll get it.

Q. Mr. Huie, if there was some way we could build up an industrial fund in advance, would that help?

A. Sure, it would help. If you had a fund of \$100,000 or more and then let it be known, industry will be looking you up. Some towns are now building just such funds. I believe Stuttgart has built up a fund of \$75,000. Pine Bluff and Hot Springs have about the same, but it's difficult, more so, for the smaller towns to raise money in advance of an industry.

Q. One more question, Mr. Huie, what is the best method?

A. Tell the prospective industrialist what you believe you can do. He may give you two or three weeks to demonstrate. The "show-down" comes, the pressure is on, you'll work night and day, you'll be on pins and needles, you'll sweat blood, but you'll come up with the money . . . and then comes relief and a grand and glorious feeling. The people have demonstrated they want industry, and you'll have it.

In the S. Marine Corps Women's Reserve, overweight lady recruits are put on a diet of road work, grapefruit juice and celery stalks. They lose weight fast.

WAC Observing 5th Anniversary

WASHINGTON — The Women's Army Corps marks its 15th anniversary today with celebrations at posts at home and abroad. Col. Mary I. Milligan of Edgewood, Pa., fifth director of the WAC, sent official greetings to the 8,500 members of the corps now on active duty.

"We feel a justifiable pride," she said, "in the realization that the history of our corps has proved that American womanhood can serve effectively in our nation's Army."

She added that in the years ahead "we must be determined to serve our country with devotion regardless of inconvenience or personal sacrifice."

It was on May 14, 1942, that Congress approved a bill creating the Women's Army Auxiliary Corps.

In July 1943, the organization was made part of the regular Army. At its peak strength in World War II, the WAC numbered 100,000.

Details of Nuclear Blast Are Studied

By JAC KLEFLER
ATOMIC TEST SITE, Nev. — Nuclear experts grappled today with final details of Thursday's blast opening the United States' sixth series of atomic tests on this southern Nevada proving ground.

NOTICE

Needless to say that I have quite a bit of money in the pond known as the Hollis Luck pond, located back of the University Experiment Station. I hate to ask the public to please not ask me and to please not go out to fish the pond anymore. As you know, it is a small pond and won't take long to fish it out at the rate it is going now.

I only wish it was large enough to accommodate everybody as it is very hard for me to turn down anybody, but if I give permission to one person, then the other person thinks I should do the same. Therefore, I am compelled to ask that you please abide by this, as I do not want to have to post same.

Thanks,

Graydon Anthony

RIGHT IN TUNE WITH TODAY'S LIVING

"Come on try it...
there's nothing
like a **J-2 Rocket!**"

Olds Owners: Let me show you. This J-2 Rocket is like two engines under the hood.

Friends: Neat trick—how does it work?

Olds Owners: It's a new progressive carburetor system. Gives you more economy . . . or extra power for safety. Take your choice.

Friends: Economy sounds swell . . . but with a big car like this . . . ?

Olds Owners: You bet! They engineered the J-2 Rocket Engine for our kind of driving . . . top efficiency at normal driving speeds because it's fueled by one carburetor.

Friends: How about that extra power?

Olds Owners: Give it 3/4 throttle and two extra carburetors cut in. It's mighty reassuring to know you've got that extra power in the bank.

Friends: I get it. Economy when you want it—power when you need it.

Olds Owners: Correct. But talking about it won't give you the whole story. This one you've got to drive. Climb in—let's go.

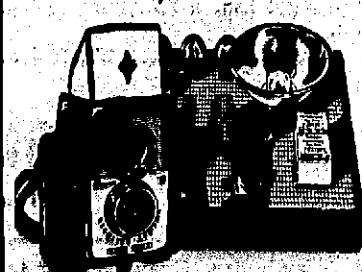

PERSONAL NOTE: Your Olds dealer would like you to try J-2, too! It's available now on all models, including the Golden Rocket 88, lowest priced Rocket Engine car. Be his guest for America's newest driving experience.

*Optional at extra cost.

Game night at the Hope Country Club which was postponed due to the annual Music Festival last week will be held Thursday night at 7:30 May 16. Hosts are Mr. and

Mrs. E. P. Young Sr., Judge and Mrs. James Pukinton and Mr. and Mrs. Earl O'Neal.

The Azalea Garden Club will meet in the home of Mrs. Lyle Brown with Mrs. Oliver Adams as co-hostess on Thursday afternoon May 16 at 2 o'clock.

Hope Chapter 328 Order of Eastern Star will meet Thursday May 16 at 8 p. m.

Notice

There will be a call meeting of the Band Auxiliary at Cannon Hall tonight at 7 o'clock to vote on the color for the new uniforms.

Tommy Garland of Emmet Celebrates 6th Birthday

On Thursday afternoon, May 9, Mr. and Mrs. Rany Garland entertained at their home with a birthday party for their son, Tommy on his sixth birthday. As the guests arrived pictures were made.

During the afternoon games were played and Belenda Lambert won the prize for pinning the tail on the donkey.

The oblong yellow and green decorated cake bore the words, "Happy Birthday Tommy." The guests were served cake with ice cream and punch. Varicolored balloons and plastic guns were given as favors to Barbara Wilson, Donald Wilson, Charles Ward, Rebecca Ward, Melonie Pankey, Robert Paul, Johnny Davidson, Vickie Lynn Hunter, Joey Lusby, Pierce Peterson, Johnnie Lynn Lambert, Belinda Lambert, Johnny Wake, Dean Weeks, Jo Hale, Leslie Hill, Paul Davidson, Marilyn Tresler, Sandra McFarland and Doris Peterson.

Mrs. Floyd Leverette Hostess To Circle 4 of Presbyterian Church

Circle Number 4 of the First Presbyterian Church met Monday night in the home of Mrs. Floyd Leverette on East Second St.

The circle chairman, Mrs. William Tolleson opened the meeting with prayer. After conducting the business meeting, she welcomed Mrs. Fred Ellis, president of the Women of the Church. She made the following announcements:

The Women of the church will observe the birthday of the organization with a meeting at 7:30 Tuesday evening May 14, Mrs. Randolph Sengel of Fort Smith, will report on a caravan trip to the mission schools of our church in Mexico.

The Bible School will be held June 10 through June 26. The men of the church invite the ladies to dinner on Thursday June 6.

Mrs. Ed Justus gave the Bible lesson on War and Peace. Mike Opal, Daniel led, "Let's Talk About" and told of the work being done in Mexico and in Korea through the birthday objective.

The hostess served a dessert plate to the 16 members present. The June meeting will be held in the home of Mrs. Crit Stuart Jr.

Miss Tarpley Feted With Gift Tea in Texarkana

On Saturday, May 11, Mrs. Dorothy Roberts of 929 Garland Avenue Texarkana entertained with a gift tea for Miss Charlotte Tarpley, bride-elect of Kenneth Leslie of Springfield.

The entertaining rooms were attractively decorated throughout with arrangements of pink rose

YOU DON'T TELL YOUR AGE! WHY SHOW IT?

Tornadoes Hit

Continued from Page One

mated damage at from \$25,000 to \$50,000. At least one house was destroyed and several others were damaged.

Woody Mays, his wife and two children escaped injury when the slashing funnel shattered a garage housing a car in which they had taken refuge. Mays said he had spotted the approaching tornado

buds. The centerpiece for the serving table was also an arrangement of pink roses flanked with lighted tapers in silver candleholders.

Mrs. Roberts greeted the guests at the door and presented them to the receiving line which consisted of the honoree, her mother, Mrs. Charles Tarpley and aunts of the bride elect, Mrs. Clifford Franks and Mrs. James H. Miller all of Hope.

Mrs. Haskell Jones and Mrs. Bob Shaddock alternated at the punch bowl and Mrs. William Elsass of Benton and Mrs. Roberts of Texarkana served the cake. Miss Arena Welsh and Miss Ellen Barkman also assisted in the dining room.

Miss Mary Brooks Tate had charge of the bride's book. Miss Tarpley wore an orchid chiffon dress for her trousseau. The guests called between the hours of four and five thirty.

Miss Frances Frazier's Engagement and Approaching Marriage Made Known

Mr. and Mrs. W. M. Frazier of Washington, Arkansas announce the engagement and approaching marriage of their daughter, Frances Pauline to Rev. William Lee Hines, son of Mr. and Mrs. Mack Lee Hinds of Springdale, Arkansas.

The wedding will be an event of May 26 at 3 o'clock in the afternoon in the Washington Baptist Church with Rev. Alvis Moore officiating. Miss Nancy Frazier, sister of the bride-elect will serve as maid of honor.

Candlelighters will be Miss Jere Hingood of Arkadelphia and Miss Erma Richardson of Corning, Arkansas. Rev. Freddie Mills of Arkadelphia will serve as best man.

Ushers are Frank Horton of Hope; Jim Byrd, Little Rock and Jim Jamerson of Corning. Soloist will be Marshall Rowe of Washington and organist, Mrs. Moss Rowe.

A reception will be held in the Educational Building of the Church following the ceremony. No cards will be sent.

Victory 4-H Meeting

At a Victory 4-H meeting on Thursday night, May 9 Kay Burke gave a demonstration on the making of lamp shades from magazine pages.

Present at the meeting was Mrs. Loraine B. Wylie who gave a talk on a conservation camp to be held at the Experiment Station on June 4.

The presiding officer Philip Rowe, called the meeting to order after which roll was called and minutes read.

Jimmy Bush provided entertainment for the group by playing his guitar. Five visitors were present and one new member, Jimmy Byers was added to the roll.

The meeting was adjourned to meet June 13. Reporter Patty Maxwell.

Coming and Going

Mr. and Mrs. Henry O. Green Jr. are home on leave following two years overseas assignment in Egypt and India with the U. S. Information Service. They are visiting his mother, Mrs. H. O. Green and relatives.

DOROTHY DIX

Reader Asks For Child's Prayers

Dear Dorothy Dix: Several weeks ago, in answer to an offer in your column, I wrote for a leaflet on saying grace. I was delighted with it, and my family has been inspired to say grace at each meal — a custom I have always wanted to institute.

Now I have a request. Do you have a similar leaflet on children's prayers? If so, I would be very grateful to receive it.

ANITA D.
Dear Anita D.: Thanks for your

and rushed his family into the car.

The twister skipped over the Smith elementary school about 500 yards away where some 400 children were attending class.

A large cafe sign was blown four blocks into the living room of the Hill Nix home but the 3-member family was not hurt.

Another miraculous escape was reported at Oxford where a "small tornado" damaged several houses, barns and other buildings. An unidentified woman was listed by the Red Cross as injured.

The winds blew away most of the home of Mr. and Mrs. Lonnie Porterfield but they were not scratched. The only part of the house left standing was the room occupied by the elderly couple.

Damaging windstorms which smashed buildings, uprooted trees and disrupted electric and telephone services also were reported at Arkadelphia, Mineral Springs, Saratoga, Ozan, Unity, Heber Springs, Friendship, Delight and Arkadelphia.

Mrs. John David Jones of the Unity community was hospitalized at nearby Nashville. She suffered a back injury when wind damaged her home.

Damage at Arkadelphia was confined to uprooted trees — many on the campuses of Henderson and Ouachita colleges — and to flinted power and telephone poles.

A deluge — more than two inches of rain in a brief period — caused a flash flood at Bono, near Jonesboro, and washed away portions of the St. Louis — San Francisco railroad tracks. Trains were derailed over Missouri Pacific lines.

A heavy rain flooded Blytheville streets and some stores reported water damage. Several residents said they spotted a funnel cloud in the sky, but the twister did not touch ground.

Lafayette County Sheriff W. H. (Buck) Baker said a "squall" apparently caused the boating mishap on the Red River.

Dragging operations were to begin today for Police Smith, 59, of near Bradley and his 21-year-old son, Kenneth Smith of Camden, N. J.

Police's brother, John E. Smith, 55, also of near Bradley, clung to the side of the overturned boat and was pulled from the water by a fisherman in another boat, the sheriff said.

Baker said a farmer, who witnessed the accident, raced along the bank and shouted to the fisherman on the water to help Smith. The Smith brothers were commercial fishermen.

On Oct. 27, 1930, Mrs. Ralph H. Van Daman made a four-minute flight at College Park, Md. She was the first woman to fly as a passenger in an airplane. Wilbur Wright was her pilot.

CC Hears How Arkadelphia Got Industry

Chamber Of Commerce
Publicity Director
On the morning of October 17, 1956, the telephone jangled in the office of the Arkadelphia Chamber of Commerce. A voice on the other end of the line said:
"This is the Arkansas Industrial Development Commission at Little Rock. We're sending two men to

Arkadelphia to look over your industrial site. They may want to locate an industry. They will identify themselves when they get there."
Three months later almost to the day, we had the big Tectum Corporation in the bag," said Dick Huie and George Dews, president and manager of the Arkadelphia C of C.
And thus, the Arkadelphia industrial story, including the giant Reynolds plant, the big Tectum plant and the American Excelsior plant, a companion firm of Tectum, began to unfold before the directors of Hope chamber of commerce.

The Arkadelphia men were invited to Hope to tell of their success story. They went into detail. They answered numerous questions directed to them by Hope organization.
Here are some facts, as related

by Mr. Huie and Mr. Dews at the chamber of commerce meeting held in Hope:
Q. What happened when the two men arrived in Arkadelphia?
A. We had three men at the C of C office to greet them. We showed them our industrial site. They were impressed. We were then impressed.
Q. What were some of the demands?
A. Construction of a million-dollar building on 40 acres of the industrial site.
Q. What was Arkadelphia to get in return?
A. Employment and a payroll of 200 persons, plus employment of 200 additional people with the coming of the American Excelsior plant, a companion firm of Tectum.

Financing A Million
Q. How did you go about financing the million dollars?
A. Under Act 404, local participation is 25 percent, which meant that we had to raise \$250,000 in cash. The other 75 percent can be financed or \$750,000. The state puts up part of this which is about 50 percent and the balance is financed. In our case, two Little Rock insurance companies took the balance. Financing is done through issuance of 5% first mortgage bonds on the property and building.

Q. In your opinion, Mr. Huie, what really sold Tectum corporation on Arkadelphia?
A. There were several factors of course, but the "clinch" I believe came when we convinced the two Tectum representatives that our people were hungry for industry, that our people were willing to cooperate and to sacrifice if necessary. We later proved this.

Q. Now, Mr. Huie, just how did you go about getting the \$250,000 in cash, the local requirement on a million-dollar deal?
A. We set up committees within the chamber of commerce. We began calling on our people, in groups of 10 and 15. We called all the lawyers, explained the deal to them, and frankly told them their part in this fund raising campaign was \$1,000 apiece. Next we called in all the car dealers. We told them their part was \$250 apiece, with no ifs, buts and ands, then came the doctors, the merchants, and on down the list.
Q. What happened if some of the individuals didn't have the money or thought their part was too

much?
A. We told them to go to the bank and borrow it. That's what a lot of individuals did. The banks were very cooperative on this matter.
Q. What did the individual get in return for putting up this money?
A. Stock certificates bearing 5 percent interest and payable within 15 years from monthly rent from the Tectum Corporation. Of course, Tectum would own the land and building when all the money was repaid.

Q. How many individuals and concepts bought stock?
A. This is where the community demonstrated its desire for industry. About 600 persons and firms bought stock certificates. Issued at \$5 per share after we cornered all the "big money" we could.
Q. Mr. Dews, who purchased the largest share of stock?
A. One person bought \$7,000. We have three banks, each bought \$5,000 or better. Churches participated. The First Baptist bought \$5,000. We sold a few \$5 shares. We raised all the \$250,000 in two weeks, which is a great demonstration of community spirit and cooperation. This was what we told Tectum we would do. We did it.

Reynolds Campaign
Q. Now, Mr. Huie, let's go to the Reynolds plant which came to your city two or three years ago. What did that cost people of Arkadelphia?
A. The Reynolds people wanted to be sure that we wanted them, and to prove it we raised \$200,000 in two weeks and bought the land or site. The plant employs about 650 people. That's all Reynolds wanted, just the land. When the plant was completed the Reynolds people refunded 90% of the \$200,000. We got that back in a hurry.

Q. Mr. Huie, in your opinion, what can Hope do to land a big industrial plant?
A. My advice is to be patient, to work closely with the AIDC. Visit Mr. Rock, state director. Visit often. Let him know you want industry. Let him know your people want industry, we will cooperate, sacrifice if necessary. And you'll get it. But never, never, overlook industry. Help them, cooperate with them. They are the backbone of your town. They mean a lot, too.

Discuss Power Plant
Q. Mr. Huie, in your frank opinion, do you think Hope is hindered by having its own municipal water and light plant?
A. Absolutely not! I think I "get" what you're driving at. We are served by AP&L. As far as I know, and Mr. Dews will bear me out on this, we got no assistance from AP&L in bringing Reynolds and the Tectum plants or any other plants to Arkadelphia. Again, let me advise you. Go see Mr. Rock. Visit the AIDC office. Keep visiting. Let them know you desire industry. You'll get it.

Q. Mr. Huie, if there was some way we could build up an industrial fund in advance, would that help?
A. Sure, it would help. If you had a fund of \$100,000 or more and then let it be known, industry will be looking you up. Some towns are now building just such funds. I believe Stuttgart has built up a fund of \$75,000. Pine Bluff and Hot Springs have about the same, but it's difficult, more so, for the smaller towns to raise money in advance of an industry.

Q. One more question, Mr. Huie, what is the best method?
A. Tell the prospective industrialist what you believe you can do. He may give you two or three weeks to demonstrate. The "show-down" comes, the pressure is on, you'll work night and day, you'll be on pins and needles, you'll sweat blood, but you'll come up with the money, and then comes relief and a grand and glorious feeling. The people have demonstrated they want industry, and you'll have it.

In the S. Marine Corps Women's Reserve, overweight lady recruits are put on a diet of road work, grapefruit juice and celery stalks. They lose weight fast.

WAC Observing 5th Anniversary

WASHINGTON, A — The Women's Army Corps marks its 13th anniversary today with celebrations at posts at home and abroad. Col. Mary L. Milligan of Edgewood, Pa., fifth director of the WAC, sent official greetings to the 8,500 members of the corps now on active duty.

"We feel a justifiable pride," she said, "in the realization that the history of our corps has proved that American womanhood can serve effectively in our nation's Army."
She added that in the years ahead "we must be determined to serve our country with devotion regardless of inconvenience or personal sacrifice."
It was on May 14, 1942, that Congress approved a bill creating the Woman's Army Auxiliary Corps.

In July 1943, the organization was made part of the regular Army. At its peak strength in World War II, the WAC numbered 109,000.

Details of Nuclear Blast Are Studied

BY JAC KLEFLER
ATOMIC TEST SITE, Nev. (AP) — Nuclear experts grappled today with final details of Thursday's blast opening the United States' sixth series of atomic tests on this southern Nevada proving ground.

They are keeping a close check on the brink winds snapping across the desert at the time for the breakdown of a comparatively small atomic device heads.
Too high winds would cause postponement. Final decision on whether conditions are satisfactory will be known at 11 p. m. tomorrow.
The Atomic Energy Commission scientists are being extremely careful because they say they intend to make this series of tests the safest of all in the latter of radioactive fallout.
The first detonation will be from a 700-foot tower. This is 200 feet higher than towers used in the past. Some subsequent explosions will be from balloon-supported platforms at elevations up to 2,000 feet.

NOTICE

Needless to say that I have quite a bit of money in the pond known as the Hallis Luck pond, located back of the University Experiment Station. I hate to ask the public to please not ask me and to please not go out to fish the pond anymore. As you know, it is a small pond and won't take long to fish it out at the rate it is going now.

I only wish it was large enough to accommodate everybody as it is very hard for me to turn down anybody, but if I give permission to one person, then the other person thinks I should do the same. Therefore, I am compelled to ask that you please abide by this, as I do not want to have to post same.

Thanks;

Graydon Anthony

Tommy Garland of Emmett Celebrates 6th Birthday

On Thursday afternoon, May 9, Mr. and Mrs. Rany Garland entertained at their home with a birthday party for their son, Tommy on his sixth birthday. As the guests arrived pictures were made.

During the afternoon games were played and Belinda Lambert won the prize for pinning the tail on the donkey.

The oblong yellow and green decorated cake bore the words, "Happy Birthday Tommy." The guests were served cake with ice cream and punch. Varicolored balloons and plastic guns were given as favors to: Barbara Wilson, Donald Wilson, Charles Ward, Rebecca Ward, Melonie Pankey, Robert Paul, Johnny Davidson, Vicky Lynn Hunter, Joey Lusby, Pierce Peterson, Johnnie Lynn Lambert, Belinda Lambert, Johnny Wake, Dean Weeks, Jo Hale, Leslie Hill, Paul Davidson, Marilyn Tresler, Sandra McFarland and Doris Peterson.

Mrs. Floyd Leverette Hostess To Circle 4 of Presbyterian Church
Circle Number 4 of the First Presbyterian Church met Monday night in the home of Mrs. Floyd Leverette on East Second St.

The circle chairman, Mrs. William Tolson opened the meeting with prayer. After conducting the business meeting, she welcomed Mrs. Fred Ellis, president of the Women of the Church. She made the following announcements:

The Women of the church will observe the birthday of the organization with a meeting at 7:30 Tuesday evening May 14, Mrs. Randolph Sengel of Fort Smith, will report on a caravan trip to the mission schools of our church in Mexico.

The Bible School will be held June 10 through June 26. The men of the church invite the ladies to dinner on Thursday June 6.

Mrs. Ed Justus gave the Bible lesson on War and Peace. Miss Opal Daniel led, "Let's Talk About" and told of the work being done in Mexico and in Korea through the birthday objective. The hostess served a dessert plate to the 16 members present. The June meeting will be held in the home of Mrs. Crit Stuart Jr.

Miss Tarpley Feted With Gift Tea in Texarkana

On Saturday, May 11, Mrs. Dorothy Roberts of 929 Garland Avenue, Texarkana entertained with a gift tea for Miss Charlotte Tarpley, bride-elect of Kenneth Leslie of Springfield.

The entertaining rooms were attractively decorated throughout with arrangements of pink rose

ated damage at from \$25,000 to \$50,000. At least one house was destroyed and several others were damaged.

Woody Mays, his wife and two children escaped injury when the slashing funnel shattered a garage housing a car in which they had taken refuge. Mays said he had spotted the approaching tornado

buds. The centerpiece for the serving table was also an arrangement of pink roses flanked with lighted tapers in silver candleholders.

Mrs. Roberts greeted the guests at the door and presented them to the receiving line which consisted of the honoree, her mother, Mrs. Charles Tarpley and aunts of the bride elect, Mrs. Clifford Franks and Mrs. James H. Miller all of Hope.

Mrs. Haskell Jones and Mrs. Bob Shaddock alternated at the punch bowl and Mrs. William Elsass of Benton and Miss Roberts of Texarkana served the cake. Miss Arena Welsh and Miss Ellen Barkman also assisted in the dining room.

Miss Mary Brooks Tate had charge of the bride's book. Miss Tarpley wore an orchid chiffon dress for her trousseau. The guests called between the hours of four and five thirty.

Miss Frances Frazier's Engagement and Approaching Marriage Made Known

Mr. and Mrs. W. M. Frazier of Washington, Arkansas announce the engagement and approaching marriage of their daughter, Frances Pauline to Rev. William Lee Hines, son of Mr. and Mrs. Mack Lee Hinds of Springdale, Arkansas.

The wedding will be an event of May 26 at 3 o'clock in the afternoon in the Washington Baptist Church with Rev. Alvis Moore officiating. Miss Nancy Frazier, sister of the bride-elect will serve as maid of honor.

Candlelighters will be Miss Jere Hagood of Arkadelphia and Miss Erma Richardson of Corning, Arkansas. Rev. Freddie Mills of Arkadelphia will serve as best man.

Ushers are Frank Horton of Hope; Jim Byrd, Little Rock and Jim Jamerson of Corning. Soloist will be Marshall Rowe of Washington and organist, W. Moss Rowe.

A reception will be held in the Educational Building of the Church following the ceremony. No cards will be sent.

Victory 4-H Meeting

At a Victory 4-H meeting on Thursday night, May 9 Kay Burke gave a demonstration on the making of lamp shades from magazine pages.

Present at the meeting was Mrs. Lorraine B. Wylie who gave a talk on a conservation camp to be held at the Experiment Station on June 4.

The presiding officer Philip Rowe, called the meeting to order after which roll was called and minutes read.

Jimmy Bush provided entertainment for the group by playing his guitar. Five visitors were present and one new member, Jimmy Byers was added to the roll.

The meeting was adjourned to meet June 13. Reporter: Patty Maxwell.

Coming and Going
Mr. and Mrs. Henry O. Green Jr. are home on leave following two years overseas assignment in Egypt and India with the U. S. Information Service. They are visiting his mother, Mrs. H. O. Green and relatives.

DOROTHY DIX

Reader Asks For Child's Prayers

Dear Dorothy Dix: Several weeks ago, in answer to an offer in your column, I wrote for a leaflet on saying grace. I was delighted with it, and my family has been inspired to say grace at each meal — a custom I have always wanted to institute.

Now I have a request. Do you have a similar leaflet on children's prayers? If so, I would be very grateful to receive it.

Dear Anita D.: Thanks for your

and rushed his family into the car.

The twister skipped over the Smith elementary school about 500 yards away where some 400 children were attending class.

A large cafe sign was blown four blocks into the living room of the Hill Nix home but the 3-member family was not hurt.

Another miraculous escape was reported at Oxford where a "small tornado" damaged several houses, barns and other buildings. An unidentified woman was listed by the Red Cross as injured.

The winds blew away most of the home of Mr. and Mrs. Lonnie Porterfield but they were not scratched. The only part of the house left standing was the room occupied by the elderly couple.

Damaging windstorms which smashed buildings, uprooted trees and disrupted electric and telephone services also were reported at Abbeville, Mineral Springs, Savannah, Ozark, Unity, Heber Springs, Friendship, Delight and Arkadelphia.

Mrs. John David Jones of the Unity community was hospitalized at nearby Nashville. She suffered a back injury when wind damaged her home.

Damage at Arkadelphia was confined to uprooted trees — many on the campuses of Henderson and Ouachita colleges — and to flattened power and telephone poles.

A deluge — more than two inches of rain in a brief period — caused a flash flood at Bono, near Jonesboro, and washed away portions of the St. Louis — San Francisco railroad tracks. Trains were derailed over Missouri Pacific lines.

A heavy rain flooded Blytheville streets and some stores reported water damage. Several residents said they spotted a funnel cloud in the sky, but the twister did not touch ground.

Lafayette County Sheriff W. H. (Buck) Baker said a "squall" apparently caused the boating mishap on the Red River.

Drugging operations were to begin today for Police Smith, 58, of near Bradley and his 21-year-old son, Kenneth Smith of Camden, N. J.

Police's brother, John E. Smith, 55, also of near Bradley, clung to the side of the overturned boat and was pulled from the water by a fisherman in another boat, the sheriff said.

Baker said a farmer, who witnessed the accident, raced along the bank and shouted to the fisherman on the water to help Smith. The Smith brothers were commercial fishermen.

On Oct. 27, 1909, Mrs. Ralph H. Van Daman made a four-minute flight at College Park, Md. She was the first woman to fly as a passenger in an airplane. Wilbur Wright was her pilot.

appreciative words. Many readers reported equal satisfaction with the grace leaflet. I shall be very happy to send you a few prayers for the children, if you will send me a self-addressed, stamped envelope. This offer, of course is open to all readers.

I would also like to recommend most highly, a delightful book for youngsters! This is Dale Evans' Prayer Book for Children, a beautifully illustrated book that will appeal to children and grownups.

Dear Dorothy Dix: Does it pay to be a good girl? We are two teen-agers of average good looks, watching all the boys flock to the girls who smoke, drink and pet.

We have no desire to do the same, but would like to be popular. Is that the only way? SALLY

Dear Sally: Your quiet way of life may not be the road to quick popularity but it is the way to meet nice boys and, most assuredly, it's the shortest road to marriage. Don't delude.

Dear Dorothy Dix: I'm an 84-year-old widow, still slim, attractive and well dressed. A bachelor, younger than me by a few

years, has been dating me for the past year. He won't take me out in public. We go to the movies, he brings me right home, and won't even stop for a soda.

ALICE
Dear Alice: Your beau may be telling people his lady companion is a sick chick of 20 or so. If the movie dates are pleasant, keep them up; if you're angling for something more, put your wishes on the line.

Dear Dorothy Dix: My boy friend gave me his very expensive ring. I lost it last week. What shall I do? Duplicate it or what? POLLY

Dear Polly: Accidents happen to everyone. Tell the truth.

Dear Dorothy Dix: My boy friend is in service. He seems to like me, but an ex-girl friend of his is

sending him money. I'm afraid this will make him like her more than he does me. ROSE

Dear Rose: If your boy friend is for sale to the highest bidder, don't enter into negotiations. You want a boy who likes you for yourself, not for your bankroll.

ORDINANCE NO. 210
AN ORDINANCE PROVIDING FOR THE ISSUANCE OF WATERWORKS BONDS FOR THE PURPOSE OF AIDING IN THE CONSTRUCTION AND INSTALLATION OF A WATERWORKS SYSTEM IN THE CITY OF WASHINGTON, ARKANSAS; DECLARING AN EMERGENCY AND FOR OTHER PURPOSES.

WHEREAS, by Ordinance No. 202, passed and approved August 22, 1956, there was submitted to the qualified electors of the City of Washington, Arkansas, the question of whether the City should issue bonds to the amount of \$8000 for the purpose of paying part of the cost of construction and installation of a waterworks system, bearing interest at the rate of three and three-fourth per centum (3 3/4%) per annum; and

WHEREAS, due notice of the election was given as required by law and said election was duly held on September 26, 1956, at which election the bond issue was approved, and the result of the election was announced by the Mayor by a proclamation issued on September 27, 1956, and duly published in the Hope Star, a newspaper having a bona fide circulation in said City; and

WHEREAS, the City of Washington at a public sale of the \$8000 in bonds held at 10 o'clock A. M. on May 4th, 1957, in the office of W. H. Etter, Recorder in said City, after more than twenty days' advertisement in said newspaper, contracted to sell the bonds to the United States of America, the best and highest bidder with a price of 100 cents on the dollar face value plus accrued interest for 3 3/4% bonds; and

WHEREAS, the buyer of said bonds has agreed to name the First National Bank of Magnolia, Arkansas, as Trustee and paying agent, and the buyer is ready to accept the bonds as soon as the City can legally make delivery; now therefore,

BE IT ORDAINED by the City Council of the City of Washington, Arkansas:

SECTION 1. That the sale of the bonds to the United States of America is at a fair price and is one that is allowed by law, and therefore the sale is hereby approved and confirmed.

SECTION 2. That the Mayor and City Recorder are hereby authorized and directed to issue, execute and deliver the bonds of this City, in the aggregate amount of \$8000, dated as of July 1, 1956, and maturing on July 1 of each year as follows:

YEAR	BOND NO.	AMOUNT
1960	1	\$500
1962	2	500
1964	3	500
1966	4	500
1968	5	500
1970	6	500
1972	7	500
1974	8	500
1976	9	500
1978	10	500
1980	11	500
1982	12	500
1983	13	500
1984	14	500
1985	15	500
1986	16	500

The bonds shall be negotiable and in the denomination of \$500 each; shall be called "City of Washington, Arkansas, 3 3/4% Waterworks Bonds of 1956"; shall be callable as hereinafter set out; shall be executed by the Mayor and City Recorder and sealed with the corporate seal of the City, and the interest upon the bonds shall be payable semi-annually in January 1 and July 1 in each year, and be evidenced by coupons attached thereto, the coupons to be signed by the Mayor by his facsimile signature, and the Mayor shall by the execution of the bonds adopt as and for his own proper signature his facsimile signature appearing on the coupons on said bonds. Both the principal of and interest on said bonds shall be payable in any coin or currency which, on the date of payment, is legal tender for the payment of debts due the United States of America at the office of the First National Bank of Magnolia, Arkansas.

SECTION 3. Said bonds shall be in substantially the following form: UNITED STATES OF AMERICA, STATE OF ARKANSAS, COUNTY OF HEMPSHIRE, CITY OF WASHINGTON, 3 3/4% Waterworks Bonds of 1956. KNOW ALL MEN BY THESE PRESENTS: That the City of Washington, in the County of Hempstead, State of Arkansas, acknowledges itself to owe and, for value received, promises to pay to bearer the sum of FIVE HUNDRED DOLLARS, in any coin or currency which, on the respective dates of payment, is legal tender for the payment of debts due the United States of America, on the first day of July, 1957, with interest thereon from date hereof at the rate of three and three-fourth per centum (3 3/4%) per annum until said interest payable semi-annually on the first day of January and July of each year, commencing January 1, 1957, on presentation and surrender of the annexed coupons as they severally mature. Both the principal hereof and interest hereon are hereby made payable at the office of the First National Bank of Magnolia, Arkansas.

This bond is one of a series of negotiable bonds aggregating Eight Thousand Dollars (\$8000), all of like tenor and effect except as to number and maturity, maturing from One (1) to Sixteen (16) inclusive, issued for the purpose of aiding in the construction and installation of a waterworks system in the City of Washington, Arkansas, and the City hereby warrants and covenants that in the issuing of this bond it has proceeded in accordance with the provisions of Amendment No. 13 to the Constitution of the State of Arkansas and in accordance with the laws of said State, under ordinances of the City

Council of said City and in pursuance of an election duly held at which the majority of the legal voters of said City voting on the question of the issue of the bonds have voted in favor of the issue of said bonds and that all conditions and things required to exist, to be performed, and to happen precedent to and in the issuance of this bond do exist, have been performed, and have happened in due time, form, and manner as required by law and particularly by said Amendment No. 13; That a tax sufficient to pay the bonds aforesaid has been levied in accordance with said constitutional amendment and made payable annually until all of said bonds and interest thereon have been fully paid and discharged; and that the indebtedness represented by this bond and the issue of which it forms a part does not exceed any constitutional or statutory limitation. For the prompt payment of this bond and the interest thereon, the said City of Washington hereby pledges its full faith, credit, and taxing power, including the ten mill special tax authorized to be levied by said Amendment to the Constitution for the payment of this bond and other bonds of this series.

The bonds of this issue are callable for payment prior to maturity in inverse numerical order at par and accrued interest from funds from any source on any interest paying date. In the event the City shall call bonds for payment prior to maturity, it shall publish notice of such call once a week for two weeks in some newspaper of general circulation throughout the State of Arkansas, the first publication to be not less than thirty days prior to the date fixed for redemption, and the notice shall give the number and maturity of each bond being called. All bonds so called shall cease to bear interest after the date fixed for their redemption, provided the funds for their payment are on deposit with the paying agent at that time.

This bond shall not be valid until authenticated by the certificate hereon of the First National Bank of Magnolia, Arkansas.

IN WITNESS WHEREOF, the City of Washington, Arkansas has executed this bond by the hands of its Mayor and City Recorder and attested it with its corporate seal, and has caused the coupons hereto attached to be authenticated by the facsimile signature of its Mayor, as of the first day of July, 1956.

CITY OF WASHINGTON, ARKANSAS

By Thurston Hulsey Mayor

(SEAL) W. H. Etter City Recorder

To each of said bonds shall be attached coupons for the semi-annual interest in the following form:

COUPON
No. _____
On the first day of January, 19____, unless the bond to which this coupon is attached is paid prior thereto, the City of Washington, Arkansas, promises to pay to bearer _____

DOLLARS in any coin or currency which on said date of payment is legal tender for the payment of debts due the United States of America, at the office of the First National Bank of Magnolia, Arkansas, being six months' interest then due on its 3 3/4% Waterworks Bonds of 1956, dated July 1, 1956, and numbered _____

CITY OF WASHINGTON, ARKANSAS

By _____ Mayor

(All coupons shall be for six months' interest. The signature of the Mayor on the coupons may be lithographed or engraved.) Each bond shall be authenticated by the Trustee as follows:

CERTIFICATE
This bond is one of a series of sixteen 3 3/4% Waterworks Bonds of 1956 aggregating \$8000 described within.
FIRST NATIONAL BANK OF MAGNOLIA, ARKANSAS, Trustee

By _____ Trust Officer Magnolia, Arkansas

SECTION 4. The Mayor and City Recorder are hereby authorized and directed, when they have executed said bonds and have had them duly certified, to deliver them to the purchaser upon receipt of the full purchase price, and the proceeds of said bonds shall be used for no purpose except the purposes for which voted.

SECTION 5. Because the five mill special tax authorized by Amendment No. 13 to the Constitution of the State of Arkansas is insufficient to pay interest on and retire the proposed bonds, in order to pay the said bonds with interest as they mature the City of Washington, under authority of said Amendment No. 13, by Ordinance No. 204, passed and approved October 24, 1956, levied a tax of ten mills on each dollar of assessed valuation, beginning with the taxes collected in the year 1957 and continuing as long thereafter as may be necessary in order to pay the principal of and interest on the bonds authorized by this ordinance, being a sum sufficient to meet said bonds and interest as they mature, with five per cent added for unforeseen contingencies; and the City Recorder is hereby instructed to transmit a certified copy of this ordinance to the County Clerk of Hempstead County, Arkansas, to the end that said tax may be extended on the tax books of said county, and collected annually, together with the other taxes, there is hereby created and established an account to be known as the "Waterworks Tax Bond and Interest Sinking Fund Account" (hereinafter hereinafter termed the "Bond Account"), which account shall be maintained with the Trustee so long as any of the bonds are outstanding, and into which shall be deposited all revenues derived from the special mill tax levied for the purpose of this issue and which shall be used solely for the

payment of the bonds and interest of this issue, as set out in this ordinance. The levy of said tax shall continue annually at such rate or rates as may be necessary to meet each current year's debt service on said bonds and all interest thereon shall have been paid.

SECTION 6. In order to pay said bonds, with interest thereon, as they mature, they are hereby appropriated out of the proceeds of the tax hereinabove described, and if such proceeds be not sufficient, then out of the general revenues of the City, the sums necessary to meet payments of principal and interest as they mature, to-wit:

YEAR	BOND NO.	PRINCIPAL July 1 of each year	INTEREST Jan. 1 & July 1 of each year	TOTAL
1957		\$150.00	\$150.00	\$300.00

1985	15	500.00	18.75	518.75
1986	16	500.00	9.38	509.37

SECTION 7. The Treasurer of the City of Washington is hereby ordered and directed to register in the paying agent, not less than five days before the date of each interest payment the amount of interest or interest and principal due on said date together with the paying charges, which shall be 1/2% of 1% on principal and 5c per coupon, with the provision that the minimum paying charge shall be \$50. This instruction to the Treasurer is irrevocable and may be entered by mandamus.

SECTION 8. The City agrees to deposit the proceeds of the sale of bonds as follows: The accrued interest shall be paid into the Bond Account as hereinabove defined; the balance received from the sale of the bonds shall be deposited in a separate fund to be known as the "Construction Fund," to be used solely for the payment of the cost of the improvements plus the expenses of the bond issue.

The City agrees to require security from the depositor, bank in which the Construction Fund is placed for all of the deposit over the \$10,000 insured by the Federal Deposit Insurance Corporation, and such security shall be either in the form of a corporate surety bond or in the form of government bonds procured with some other bank, with the right in the depositor to withdraw the bonds from the escrow as the Construction Fund is withdrawn by the City.

SECTION 9. Both the Bond Account and the Construction Fund shall be deposited in one or more banks holding membership in the Federal Deposit Insurance Corporation. Vouchers upon either fund must be signed by two duly authorized persons.

SECTION 10. If default is made and continues for thirty days in the payment of any interest coupon, the holder of the bond to which it is attached may declare the same immediately due and payable, and the failure of the holder to exercise this option upon any default shall not be a waiver of his right to exercise the option upon any subsequent default.

SECTION 11. The bonds of this issue shall be callable for payment prior to maturity according to the terms set out in the face thereof.

SECTION 12. The First National Bank of Magnolia, Arkansas, is designated as Trustee, authorized to act for and on behalf of the bondholders; but it shall be responsible only for willful wrong in the execution of its trust, and the recitals of fact contained herein and in the bonds themselves (except the recitals in the Trustee's Certificate) are statements made by the City and not by the Trustee. The Trustee shall not be required to take notice of any default other than those based upon Section 7 hereof, or to take any action hereunder, except with respect to defaults arising from the failure of the City to comply with the provisions of Section 7 hereof, until it shall have been notified by a stockholder or stockholders, in writing of said default and indemnified to its satisfaction against any loss, expense, or cost that it may incur by taking action.

The holders of a majority in value of the outstanding bonds at any time may, by an instrument duly executed and recorded in the office of the City Recorder, appoint a new Trustee, who shall have all of the powers of the Trustee originally named, and the Trustee herein named may resign at any time upon ten days' notice in writing mailed to the City Recorder.

SECTION 13. The terms of this ordinance shall constitute a contract between the City of Washington and the holders of the bonds herein authorized, and no variation or change in the undertaking here-in set out shall be made while any of these bonds are outstanding without the written consent of the holders of all of the bonds of this issue then outstanding, and the holder of any bond may at any time, for and on his own behalf, or the Trustee may, for and on behalf of all the bondholders, enforce the obligations of the City by a proper suit for that purpose.

SECTION 14. The provisions of

this ordinance are separable, and in the event that any section or part of section shall be held to be invalid, such invalidity shall not affect the remainder of the ordinance.

SECTION 15. It is hereby ascertained and declared that there is immediate and urgent need for the construction of the municipal improvements to be provided and financed in part by the proceeds of this bond issue, in order to protect the health, lives and property of the inhabitants of the City of Washington, Arkansas; therefore, an emergency exists and this ordinance, being necessary for the preservation of the public peace, health, and safety, shall be in force and take effect immediately upon and after its passage.

Passed: May 4th, 1957.

APPROVED: Thurston Hulsey Mayor.

Attest: W. H. Etter City Recorder

CERTIFICATE

I, the undersigned, City Recorder of Washington, Arkansas, hereby certify the foregoing to be a true copy of an ordinance passed and approved by the City Council, and of the minutes relating to its adoption, at a duly called and constituted meeting at which more than two thirds of the total number of members-elect of the Council were present and voted for said ordinance, which is now of record in Ordinance Book 1, page _____ of the records of said City.

CERTIFIED under my hand and the seal of said City, this 4th day of May, 1957.

W. H. Etter City Recorder

(SEAL) May 14, 1957

Prescott News

Letter Carriers Auxiliary Meets

The monthly meeting of the Letter Carriers Auxiliary was held on Wednesday afternoon in the home of Mrs. Loyce Anderson.

At the conclusion of the business session the members took flowers and a gift to one of their members, Mrs. Clifton McGuire, who is ill at the Cora Donnell Hospital.

Mrs. Hirst Musical Coterie Hostess

The Prescott Musical Coterie concluded the years activities with a luncheon given by the president, Mrs. O. G. Hirst, at her home on Wednesday. An artistic arrangement of red bayberry leaf and amaryllis graced the mantel. Roses in silver and crystal containers were placed at other points of interest.

Covers were laid for thirteen members and five guests, Mrs. Arthur Wilson of Onconita, N. Y., Mrs. P. A. Escarce an honorary member, Sara Janet Bryson, Nancy Bratton and Carolyn Daniel at the perfectly appointed luncheon tables.

During the business session the officers for the ensuing year were installed by Mrs. Joe R. Hamilton. Mrs. Charles Hesterly was program chairman and introduced Sara Janet Bryson, Nancy Bratton and Carolyn Daniel, members of the Junior Musical Coterie, who played piano solos they played at the district Junior Musical Coterie Festival that was held in the Palm Room of the Grimm Hotel in

Texarkana in April and were as follows: Sara Janet Bryson, "Air" by Handel and "Waltz Reverie" by Carolyn Daniel, "Rondo" by Mozart, "Summer Starlight" by Nancy Bratton, "Air" by Handel, "Coasting" by Mrs. Joe Crane, accompanied at the piano by Mrs. Hesterly, sang "If I Could Tell You" by Isabella Firestone.

Miss Bright Feted

Miss Frances McCain and Miss Rose Huskey feted Miss Jo Ann Bright, bride-elect of Glen May of Hope, at a miscellaneous shower on Wednesday evening in the home of the former. Colorful arrangements of roses decorated the party rooms. The honoree was presented a corsage of pink carnations.

Bridal games were directed by Mrs. Jackie Lee Weaver with prizes being won by Miss Phyllis Ford and Mrs. Orville May of Hope.

After Miss Bright opened and displayed her lovely gifts, a dessert course was served to twenty seven guests that included Mrs. Ernest May and Mrs. Orville May of Hope, mother and sister-in-law of the groom-elect.

Mrs. N. R. Nelson spent Thursday in Hot Springs and accompanied Dr. Nelson home. He attended the three day meeting of the Arkansas Optometric Convention held at Velda Rose Motel.

Mr. and Mrs. Arthur Wilson of Onconita, N. Y., are spending several weeks with their daughters, Mrs. Charles Hesterly and family.

Latin Nations Would Speed Atom for Peace

BOORHAVEN, N. Y. (AP)—The United States and 21 Latin-American nations open today a many-sided study of means to speed the peaceful uses of the atom on an intercontinental scale.

Discussions looking toward creation of a nuclear energy "community" of North and South America begin at Brookhaven National Laboratory, atomic research center.

Mr. and Mrs. J. M. Howell and Jim have returned to Little Rock after a visit with their parents, Mr. and Mrs. R. T. Murry.

Mrs. Homer Ward and Mrs. Imogene spent Thursday in Texarkana.

Mr. and Mrs. Dan Pittman Jr. spent several days last week in Little Rock.

Thought For The Day
Seven guides to health, by Henry
Harrington.

No. 5 in the series:
"Don't indulge in jealousy! Of
all human emotions, this can be
the most devastating, mentally. It
always springs from a sense of in-
feriority, itself a dangerous atti-
tude. There is no end of things
about which we can be jealous and
make ourselves unhappy if we are
looking for trouble. Victims of
jealousy are constantly swelling
the ranks of the mentally unfit."

Senators Cop 2nd Win Under New Manager

By JOE REICHLER
Of The Associated Press

Harry (Cookie) Lavageto, the
major leagues' newest and least
envied manager, was enjoying his
biggest winning streak today —
two in a row with the cellar-
dwelling Washington Senators.

That's quite an achievement for
a fellow who took over a team in
the midst of a 10-game losing
streak only last week.

The Senators won the rubber for
their three-game series from the
Red Sox 5-3 last night. It was the
only game played in the majors.

Big Ted Abernathy and Little
Herbie Plews led the Senators to
victory. The 215-pound, 6-4 pitcher
permitted only four hits and
struck out four in posting his first
victory after three defeats this
season. The 5-10, 160-pound Plews
rapped a double and two singles
and drove in two runs to lead the
eight-hit attack against loser Wil-
lard Nixon and two relievers.

After yielding a home run to

Thomas Willett was the first
English speaking mayor of New
York, 1665-67.

Power to drive the U. S. Navy
aircraft carrier, Saratoga, would
move 100 passenger locomotives.

Pony League Tryouts Set Wednesday

Weather permitting, Pony Lea-
gue tryouts will be held Wednes-
day afternoon at K-Park for boys
who did not play in the Little Lea-
gue last year. Last year's Little
League will be judged on the ba-
sis of their Little League play and
need not report for tryouts. The
Pony League will begin regular
league play on Thursday night,
May 28th.

Warren Hacker (3-1) has been
named by Manager, Birdie Teb-
bels.

The Milwaukee Braves, tied for
the National League lead with
Cincinnati, will be host to Brook-
lyn tonight.

Pittsburgh plays at Chicago and
New York at St. Louis.

First place also will be at stake
in the American League. The Chi-
cago White Sox, leading New York
by half a game, go into Washing-
ton while the Yankees are hosts
to Kansas City. Cleveland a game
and a half behind the pace, are
guests of Baltimore while Detroit
visits Boston.

Warren Hacker (3-1) has been
named by Manager, Birdie Teb-
bels.

The Milwaukee Braves, tied for
the National League lead with
Cincinnati, will be host to Brook-
lyn tonight.

Pittsburgh plays at Chicago and
New York at St. Louis.
